About

When is Eurovision?

Eurovision Asia 2026 will take place on 14 November in Bangkok, Thailand.

The contest will consist of a single stage — the Grand Final, featuring representatives from 11 countries.

How does voting work?

The organisers have not yet announced the detailed voting rules for the Eurovision Asia 2026 Grand Final.

At the European Eurovision Song Contest, the results are determined by votes from professional juries and viewers. Each country awards points to its ten highest-ranked songs using the following scale: 1, 2, 3, 4, 5, 6, 7, 8, 10 and 12.

However, it is not yet known whether this system will be fully adopted for Eurovision Asia.

A different system was used in the Eurovision Asia 2026 national selections: 40% of the result was determined by a professional jury, 40% by viewers from the country holding the selection, and 20% by viewers from the rest of the world.

The voting rules for the Grand Final will be announced at a later date.

How do countries select their songs?

There are two main selection methods:

- **National selection** — a competition is held to choose the country’s representative or their song.
- **Internal selection** — the national broadcaster selects the artist and/or song directly.

In 2026, the participating countries used national selections, including formats where the public voted for a song performed by an already selected artist.

Tóc Tiên

Nguyễn Khoa Tóc Tiên

b. 1989

Ho Chi Minh City

Tóc Tiên began performing at the age of four. At 13, she claimed to be 18 to enter a singing competition, and the following year she once again lied about her age to compete in another show.

Her mother wanted her to become a doctor. Tóc Tiên studied traditional medicine in Vietnam and biology in the United States, but eventually abandoned her studies to pursue music. This decision, along with her change in stage image, led to a serious conflict with her mother, and the two stopped speaking.

In 2016, she received an LGBT Appreciation Award for her contributions.

I Am Tiên

Here I am, everything has already been arranged.
At this glorious moment, I stride into the light.

I only live once, and we all only live once.
I'll set my heart on fire and give everything I feel.

Like a lotus that still gives off its fragrance despite the mud surrounding it,
I remain strong as I face the hardships around me.

Like bamboo that stays standing even when storms rage past,
Nothing can knock me down; I am not weak.

Like the full moon on the sixteenth night, I always keep my heart whole.
With love and song, I'll light up the entire galaxy.
I am free, and I love everything I have.
I am Tiên of Vietnam, travelling across every land.

Tiên walks gracefully here, í à.
The flowing panels of my dress flutter beneath the clear sky.
I sing a song that captivates so many hearts.
Tiên walks gracefully here, í à.

Tiên walks gracefully here, í à.

My feet are adorned as if with silk and flowers,
Taking each step forward,
Shining brightly even in the night,
Lighting up everywhere I go.

Pain will become the catalyst
That lets my hands reach the light.
I'll burn away every barrier
And sing a song full of longing and ambition.
Light up this place,
Ignite a brilliant flame across the galaxy.

Like a lotus that still gives off its fragrance despite the mud surrounding it,
I remain strong as I face the hardships around me.

Like bamboo that stays standing even when storms rage past,
Nothing can knock me down; I am not weak.

Like the full moon on the sixteenth night, I always keep my heart whole.
With love and song, I'll light up the entire galaxy.

I Let You Go

English Khmer

Pop Ballad

Although the song is titled “I Let You Go”, it repeatedly features the reversed phrase “You let me go”.

The lyrics alternate between English and Khmer, sometimes beginning a thought in one language and continuing it in the other.

I Let You Go

The stars are gone
Bong trov ros kmean oun
You made me comfortable
I trusted you
Het avei chanh lbech bong pel nih
The sky is calling you
'Cause it's been way too dark for me
Sneha yeung asann bong pel nih

Baby, would you let me know?
Oun tuk bong chea trem santom kbot
I put you on a pedestal
But you went out and ripped my soul

Let me know
Let me know
Let me know
Let me know

Oun deng tha oun bong srolanh bong tae
Som chuob bong nov chong kraoy

I feel like you forgot where we used to be
Baby, did you love me?
Baby, did you love me?

My worries

The truth comes out
You've got me begging on my knees

Baby, would you let me know?
Oun tuk bong chea trem santom kbot
I put you on a pedestal
But you went out and ripped my soul

Rip my soul

The stars are gone,
I have to live without you.
You made me comfortable,
I trusted you.
Why did I fall for your tricks this time?
The sky is calling you,
'Cause it's been way too dark for me.
Our love is in danger now.

Baby, would you let me know?
You left me with nothing but betrayal.
I put you on a pedestal,
But you went out and ripped my soul.

Let me know,
Let me know,
Let me know,
Let me know.

I know that I still love you, but
Could I see you
One last time?
Please.
I feel like you forgot where we used to be.
Baby, did you love me?
Baby, did you love me?

My worries,
They disappear.
Don't use your tears
To water this love today.
The truth comes out,
You've got me begging on my knees.

Baby, would you let me know?
You left me with nothing but betrayal.
I put you on a pedestal,
But you went out and ripped my soul.

Let me know,
Let me know,
Let me know,
Let me know.

You let me go,
You let me go,
You let me go,
You let me go.

Let me know.

Under Eurovision Asia rules, competing songs must not have been released or publicly performed before 1 July 2026. Since Mongolia had selected its artist in advance and held a vote only to choose the song, the song was replaced by the one which had finished second in the selection.

Song

Sobra-Sobra

Too Much

English | Filipino

Dance-pop | Pop-rap | Latin pop

It is a feminist anthem about the double standards women face.

The lyrics reference Maria Clara, a literary symbol of traditional Filipina femininity, and Gabriela, most likely the revolutionary Gabriela Silang, who became a symbol of women's independence.

The song uses traditional Filipino instruments — the kulintang and kubing.

Sobra-Sobra

If I take charge, they call me bossy
If I don't smile, they call me too intense
When I get loud they think I'm crazy
When I chase what I want, they think I'm too obsessive

Ang Pilipina hindi sobra, kung ika'y humuhusga
Baka ikaw ang mayroong pagkukulang
Si Maria Clara, si Gabriela, 'di kailangang ikumpara
At kung masyado silang ganito, ganyan
Eh bahala ka

I have figured it out (Hindi ako sobra-sobra)
I won't put myself down (Ako'y isang reyna, diyosa)
Ako'y sasayaw, ako'y sisigaw, tinig ko'y mangingibabaw
And if I'm too much for you
Maybe you're just not enough for me

They say I'm just too liberated
When I embrace my femininity
But then I'm too domineering
When I show my strength too bad you can't stop me

Ang Pilipina hindi sobra, kung ika'y humuhusga
Baka ikaw ang mayroong pagkukulang
Ako'y malakas, ako'y maganda
'Di kailangang pumili pa
At kung masyado akong ganito, ganyan
Eh bahala ka

I have figured it out (Hindi ako sobra-sobra)
I won't put myself down (Ako'y isang reyna, diyosa)
Ako'y sasayaw, ako'y sisigaw, tinig ko'y mangingibabaw
And if I'm too much for you
Maybe you're just not enough for me

Bakit ba? Ang daming nangingialam
Sa kung paano manamit maglakad o gumalaw
Kesyo masyadong maharot, malikot o magaslaw
O kaya masyadong mahiyain, sa'n ba tayo lulugar?
Sobrang lakas kapag hindi sobrang hina
Aking tingin ay hindi ko na papalitan
At kung ako'y sobra-sobra manigas ka nalang diyan
Nakakapagod na nga maging babae, dadagdag ka pa, uh

I have figured it out (Ooh, oh)
I won't put myself down (Ako'y isang reyna, diyosa)
Ako'y sasayaw, ako'y sisigaw, tinig ko'y mangingibabaw
(Woah-oh, oh)
And if I'm too much for you
Maybe you're just not enough for me (Not enough for me)
I have figured it out (Hindi ako sobra-sobra)
I won't put myself down (Ako'y isang reyna, diyosa)

Ako'y sasayaw, ako'y sisigaw, tinig ko'y mangingibabaw
(Hey, hey, hey)
And if I'm too much for you
Maybe you're just not enough for me

Too Much

If I take charge, they call me bossy.
If I don't smile, they call me too intense.
When I get loud, they think I'm crazy.
When I chase what I want, they think I'm too obsessive.

A Filipina is never too much.
If you're judging her,
Maybe you're the one who's lacking something.
Maria Clara and Gabriela don't need to be compared.
And if you think they're too much of this or that,
Well, that's your problem!

I've finally figured it out (I'm not too much).
I won't put myself down (I'm a queen, a goddess).
I'll dance, I'll shout, my voice will rise above the rest.
And if I'm too much for you,
Maybe you're just not enough for me.

They say I'm too liberated
When I embrace my femininity.
But then they call me too domineering
When I show my strength.
Too bad you can't stop me!

A Filipina is never too much.
If you're judging her,
Maybe you're the one who's lacking something.
I'm strong, I'm beautiful,
And I don't have to choose between the two.
And if you think I'm too much of this or that,
Well, that's your problem!

I've finally figured it out (I'm not too much).
I won't put myself down (I'm a queen, a goddess).
I'll dance, I'll shout, my voice will rise above the rest.
And if I'm too much for you,
Maybe you're just not enough for me.

Why does everyone have to interfere
With how I dress, walk or move?
They say I'm too flirtatious, too restless or too provocative,
Or else I'm too shy — where am I supposed to fit in?
I'm either too strong or too weak.
But I'm not changing the way I see myself anymore.
And if I'm too much, you can just deal with it!
Being a woman is exhausting enough,
And now you're making it even harder!

I've finally figured it out (Ooh, oh).
I won't put myself down (I'm a queen, a goddess).
I'll dance, I'll shout, my voice will rise above the rest (Woah-oh, oh).
And if I'm too much for you,

Maybe you're just not enough for me (Not enough for me).

The song is performed entirely a cappella, with the group members recreating instrumental sounds using only their voices and beatboxing.

The last fully a cappella song at Eurovision was in 2011, while the last one to reach the Grand Final was in 2006.

During “Tumi Ele”, member Sykoverse mimics playing an invisible guitar, producing all the guitar sounds entirely with his mouth.

I gaze at the moon, and it reminds me once again
That you've gone far away, that you're no longer here.
I hate the passing of time for tearing you away from me,
You, who were the most precious thing in my life.

Oh, what sorrow! Now I can only see you in my dreams,
For in reality, we had to part, and there's no escaping it.
The fragrance of the night drifting upon the breeze
Is so bittersweet, because we're so far apart.

I miss you more than words can say,
The later it gets, the more I think of you.
Oh, my heart, why is this longing so merciless?
Every night, you're the only one in my heart.

I miss you more than words can say,
How long has it been since we last held each other?
Even seeing you in a dream would be enough.
Every night feels endless. How will I get through this one?

If I could have just one more chance,
I'd love to sit with you, talk, and ask how you've been.
As for me, I'm doing fine, I'm managing,
So please don't worry about me.

There are so many stories I want to tell you
About everything that's happened since we last met.
I wish I could see you, hold you one more time,
And say goodbye for the very last time.

Oh, what sorrow! Now I can only see you in my dreams,
For in reality, we had to part, and there's no escaping it.
The fragrance of the night drifting upon the breeze
Is so bittersweet, because we're so far apart.

I miss you more than words can say (I miss you so much),
The later it gets, the more I think of you (The more I think of you).
Oh, my heart, why is this longing so merciless?
Every night, you're the only one in my heart.

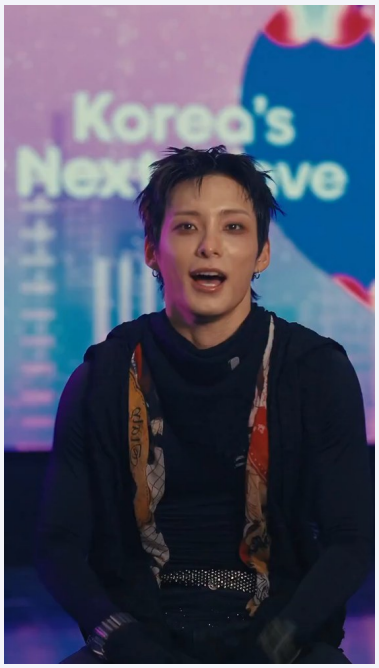

I miss you more than words can say,
How long has it been since we last held each other?
Even seeing you in a dream would be enough (Even in a dream).
Every night feels endless. How will I get through this one?

Even seeing you in a dream would be enough.
Every night feels endless.
How will I get through this one?

DEEP DIVE

English

Electro house EDM-pop Hip-hop

The original concept behind the song was a man dying in the desert who encounters a siren in an oasis. The song compares irresistible romantic attraction to sinking into the depths of the ocean.

DEEP DIVE

(Somebody had to go)
(Somebody, oh)
Ah

Yeah, your touch, it feels like a tidal wave
Pull me under, I obey, it all starts to blur, uh
Drowning slowly into her, she's dragging me down
Siren song got me in a daze, no escape tonight (Ay)

Try to fight it, but I'm losing (Ay), my soul is hers for the choosing (Ay)
Want it more, I even love the way that it hurts (Oh)
Oh, falling deeper, I can't breathe
She's got a hold on me

Stay, oh, I
I know I shouldn't stay, but I'm
So lost inside your waves, ooh, yeah
No lifeline, just devotion on the low, low, low (Ah)

Dive, dive, dive, dive
Dive, dive, dive, dive
Dive, dive, dive, dive
Dive, dive, dive, dive
I guess we know I can't give it up
I'm too far gone, never get enough
Your undertow pulling me below
Fading, you got me so faded, faded for sure

Deeper, deeper down
Deeper, deeper down
(Deep, deeper down, deep, deeper down) Deeper, deeper down
(Deep, deeper down) Go deeper, deeper

Deeper, deeper, deeper, deeper, deep (And it go)

I wanna cross over, yeah
Under your pressure, yeah
Baby, you keep pulling me right in
Got me feelin' like, like I don't even mind (Yeah)
Ai-aight (Yeah)
No way out, I'm drifting with the tide (Ooh)
Ride 'til I die
Oh, I can't stop this dive

Deep, deep, deep
Deep, deep, deep
Deep, deep, deep (Somebody had to go)
Deep, deep (Somebody, oh)

Stay, oh, I
I know I shouldn't stay, but I'm
So lost inside your waves, ooh, yeah

Pop Ballad Nepali folk

Song was written by Pratik Himal Rai himself. Its lyrics compare love to the vast ocean and sky, with the narrator promising that his feelings will survive even if the entire world disappears or burns to ashes.

Ananta Maya	Endless Love
Kahera thakegharu samanta saagarko Drishya phailiyeko nilo aakaash Tyobhanda kahin jo mero maaya timilai	The endless expanse of the ocean, The blue sky stretching far and wide — But my love for you is greater than all of that,
Tyobhanda drishya mero maaya timilai	My love for you is deeper and more boundless still.
Astitwa metiyela sabko mero maaya metindaina Kharani hara jalera sab mero maaya sakindaina Astitwa metiyela sabko mero maaya metindaina Kharani hara jalera sab mero maaya sakindaina	Even if everything in this world disappears, my love will never fade. Even if everything burns to ashes, my love will never end. Even if everything in this world disappears, my love will never fade. Even if everything burns to ashes, my love will never end.
Ujyaalo angajasto anautho chhupi Sital saanjhaiko sunaulo chupij	Like a strange and beautiful glow, Like the golden silence of a cool evening —
Tyo bhanda ujyaalo mero maaya timilai Tyo bhanda rangeen chha mero maaya timilai	My love for you shines even brighter, My love for you is even more colourful.
Astitwa metiyela sabko mero maaya metindaina Kharani hara jalera sab mero maaya sakindaina Astitwa metiyela sabko mero maaya metindaina Kharani hara jalera sab mero maaya sakindaina	Even if everything in this world disappears, my love will never fade. Even if everything burns to ashes, my love will never end. Even if everything in this world disappears, my love will never fade. Even if everything burns to ashes, my love will never end.

Song

Bluest Sky

English Malay

Power ballad Orchestral pop

Recording the vocals for “Bluest Sky” took around 10 hours instead of Aina's usual two.

Although the song is less than three minutes long, its elaborate orchestral arrangement features hundreds of instrumental tracks.

In the music video, Aina appears on a beach carrying a flaming torch and sets a painting on fire. Her unusual black dress, designed by Melinda Looi, was inspired by a Siamese fighting fish.

Bluest Sky

This love feels like
Like the water
Spilling over, oh, like a river
Those eyes, those stares
Feels like a symphony
Plucking each note like a violin

Remember the warmth from my fingers
Running through your hair
Remember the silence when we had nothing to say
If time could turn back
Would you come running like you did before?

Would you still carve my name in your deepest heart?

If this is love, then why does it feel so drowning?
If this is love, why does it feel like a burden?

Like a heartache?

Tenggelamkan sedihku
Terapungkan bahagiaku
Di kala bulan berbisik rindu
Aku rindu

If this is love, then why does it feel so drowning?
If this is love, then why does it feel like a burden?

I lose myself in
In your bluest sky
If losing myself means finding you
Then I don't want this to be over

This love feels like
Water
Overflowing, oh, like a river.
Those eyes, those gazes
Feel like a symphony,
Each note plucked like a violin string.

Remember the warmth of my fingers
Running through your hair?
Remember the silence when we had nothing to say?
If we could turn back time,
Would you come running to me like you did before?
Would you still keep my name engraved deep within your heart?

If this is love, why does it feel like I'm drowning?
If this is love, why does it feel like such a burden?
Like a heartache?

Drown my sadness,
Let my happiness rise to the surface.
When the moon whispers of longing,
I long for you.

If this is love, why does it feel like I'm drowning?
If this is love, why does it feel like such a burden?

I lose myself
In your bluest sky.
If losing myself means finding you,
Then I don't want this to be over.
